Fraud and scam tips to help keep your money and information safe

Quickly spot check fraud and scams

- Review check images at least monthly. If something doesn't look right, report it right away.
- Verify your recipient received the check.
- Set up "Checks posted yesterday" alerts in the Wells Fargo Mobile® app* or online banking to be notified when a check clears.
- Be wary if anyone sends you a check and asks you to send money back. That's likely a scam.

Government impersonation scams

Here's what to know:

- Scammers pose as government agencies to get your money or personal information.
- Never share your Social Security or Medicare number unless you're the one who initiated the contact.
- If you have a real tax issue, the IRS will always send you a letter. **Hang up on unexpected calls from the IRS**, even if the caller already has your Social Security number.
- If anyone urges you to move your money to a different account for any reason, even to "protect it", **assume it's a scam**.

Remember, always be cautious when you're asked for your personal information or money. Don't respond until you validate "who" and "why". You are in control when it's your money.
